# Camp AMH- Day Camp

## General Information and Policies

The purpose of Camp AMH is to provide a safe, exciting and social environment for your dog. Along with having direct access to our veterinarians on staff, to ensure the safety and health of your camper, we require all campers and their humans to comply with the following camp rules:

**Vaccinations:** All campers must have up-to-date vaccinations. Owners must submit written proof of current Rabies, DHPP and Infections Tracheobronchitis (Bordetella). We require that the Infections Tracheobronchitis be updated every 6 months. Leptospirosis is highly recommended. If vaccinations are not up-to-date, we are able to schedule an appointment to have them updated with one of our doctors during the day. Your camper will not be able to join a Play Group until after the appointment has occurred.

**Age:** All campers must be at least 16 weeks old and have completed their 4<sup>th</sup> round of puppy vaccines.

**Sex:** All Day Campers 7 months and older must be spayed or neutered.

**Fleas:** All campers must be free of fleas and on a monthly flea prevention medication such as Comfortis, Sentinel Spectrum (chewable pill), Vectra 3D, Parastar or Frontline (topical). All campers will be checked for fleas. Arrivals with fleas will be bathed and treated at their owner's expense (\$25-\$65 depending on breed).

**Health:** All campers must be in good health. Owners will certify that their dog(s) are in good health and have not been ill with a communicable condition in the last 30 days. If the camper has had a communicable condition within the last 30 days, we will require a veterinarian certification of health to be admitted or re-admitted. Upon admission to camp, all campers must be free from any condition, which could potentially jeopardize other campers.

**Behavior:** All campers must be non-aggressive and must not be food or toy protective. Owners will certify that their camper has not harmed or shown any aggression or threatening behavior towards any person or any other dog(s). Please remember that your camper will be spending ample time with other campers and the safety and health of all campers is our main concern.

**Applications:** All campers must have a completed, up-to-date and approved application on file. There is a one-time, free evaluation required for each camper.
